

Ticket No: 11

Summary Offboard employee John Doe and revoke system access

Description

Employee John Doe is no longer with the organization. Please disable all access to company systems and revoke Microsoft 365 access effective immediately.

Tasks requested:

- Disable Active Directory account
 - Remove group memberships
 - Revoke Microsoft 365 sign-in access
 - Remove assigned licenses
 - Verify access to shared resources is removed
-

created the ticket.

Jay Bay 47m ago

set due date to **May 14, 2026**.

Help Desk 44m ago

Accepting ticket. Working on safely disabling John Doe's on-prem access. In Progress...

Help Desk 37m ago

Disabled the Active Directory account for jdoe successfully. Unable to move the user object to the Disabled Users OU due to insufficient permissions. Escalated OU relocation task to systems administration team.

Jay Bay 32m ago

Verified AD account was disabled by Help Desk. Moved user object to Disabled Users OU per offboarding procedure. No further issues observed. Help Desk may continue off boarding process.

Help Desk 29m ago

Continuing process. Proceeding to off board John Doe's Microsoft 365. In Progress...

Help Desk 20m ago

Revoked active Microsoft 365 sessions successfully. Escalated cloud account disablement and license removal to Global Administrator due to administrative permission restrictions.

Jay Bay 14m ago

Blocked Microsoft 365 sign-in access for jdoe and removed assigned Business Premium license as part of standard offboarding procedure.

Jay Bay 12m ago

John Doe successfully off boarded. Completed.
